TO ADD NEW STOCK

THE ALDERMAN STORE TO PUT IN ANOTHER DEPARTMENT.

HAS 28 DEPARTMENTS

Shoe Department in Charge of L. B. Tracy to Be Opened Sept. 1—Will Be Handsomely Equipped.

The Alderman-Yehle Dry Goods company will put in a stock of ladies and children's shoes, the new department to be ready about the first of September. Mr. L. B. Tracy, whose services the store secured a few months ago, and who has had a great deal of experience as a salesman, will be placed in charge. Mr. Tracy will leave in a short time to spend a month in St. Louis with the manufacturers, wholesalers and retailers for the purpose of picking up some of the newest ideas, both in making and fitting of shoes.

The shoe department will occupy the rear of the west aisle of the store. The section will be equipped with up-to-date furniture and placed upon the high standard of merchandise followed by the other departments of the store.

This makes twenty-eight distinct departments of the store with each department a small store in itself. The last departments added were the millinery and wall paper. The Alderman-Yehle store ranks well with the large department stores of the cities in popularity among shoppers. It is recognized now as the largest dry goods store in Northwest Missouri.

The connections which the store has with some of the large concerns in the east accounts, in part, for the unusual service in merchandising which the store has been able to give. Few people realize the part which this up-to-date dry goods store plays in bringing right to our doors the latest New York and Parisian styles.

STANDARD GOT IT

CONTRACT FOR FOURTEEN NEW BRIDGES LET WEDNESDAY.

TO BE DONE BY DEC. 25

$7,800 Worth of Work to Omaha Company—Represents Only One-Tenth Amount Needed.

Fourteen new bridges are to be built in Nodaway county this summer and fall, and the contract for the work was let to the Standard Bridge company of Omaha, Neb., at a total price of $7,812, with concrete backing at $11.50 per cubic yard. The county court in session on Wednesday afternoon so decided. Other bids received were from the Canton Bridge company of Canton, O.; the Misouri Valley Bridge and Iron company, and the Midland Bridge company.

Work is to start within the next few weeks and all of the bridges are to be completed by December 25. While fourteen new bridges will be a big help to the county, still that is only about one-tenth of the bridges that should be constructed, so it is estimated. The court is unable to do all of the necessary bridge work at one time on account of the lack of funds.

The new bridges are to be built at the following places:

Near Shackleford, in Atchison township; near Wm. Hager, in Grant township; near George Stafford, in Green; north of Young school house, in Green; near Thad Wilderman, in Jackson; near J. S. Casteel, in Jackson; near Harmony church, in Jackson; near John McIntyre, in Lincoln; near O. B. Humphrey, Mill creek, in Lincoln; Muddy creek, near Evans school, in Nodaway; near Wm. Hitchcock, in Monroe; near Humphrey Lyle, in Hughes; on new location of road in Union; on county line, in Monroe.

The bids on the repairing of a bridge in Green township were rejected.

HOPKINS TO HAVE PARK.

Citizens There Purchased the Akin Tract of Land for a City Park.

Hopkins is to have a city park. An organization has been formed there with a capital stock of $5,000. The Akin tract of land at the north edge of town was purchased. The tract consists of seventeen acres and the price paid was $2,300.

It is planned to build a pavilion, band stand and suitable buildings for displaying live stock and farm products of all kinds. Driveways will be made through the park for both carriages and autos and a permanent bridge will be built across the 102 river near the park. The organization will be incorporated under the law. A farm product and horse show, as well as picnics, Chautauquas and other entertainments will take place at the park. The park will be in readiness for the Hopkins Chautauqua, to begin on July 30.

A meeting will be held this evening at Hopkins to perfect the organization, discuss plans and elect officers and directors. The following are the stockholders of the company:

SCORE BY POINTS

NEW WAY OF JUDGING IN FOURTH OF JULY BABY CONTEST.

MUST STAND ON MERITS

Good Clothes and Prominent Position Won't Win Prizes—But Pity the Poor Judges Afterward!

Nodaway county is going after a new record when the baby show comes off in Maryville on the Fourth of July.

Nodaway county has carried off the world prize for her fine cattle—stood against the world and won.

And then the big prizes she has won on hogs, the big corn and wheat crops she raises, her big apple orchards and other great things that please and bring wealth and automobiles, has indeed placed her in an enviable place, and we have all been so taken up with them that we have come to think that cattle and hogs and cornfields and such are the only things worth bragging about in the world.

But a bigger step is going to be taken on the Fourth of July at the celebration in Maryville, when the Mothers' Circle of this city will start a movement for "better babies" in Nodaway county, and place our county in line with others who are seeking to make things better in the world of babies along the same scientific lines that brought up the standard of cattle and corn.

The baby show on the Fourth of July is going to be the feature of the day. At least it is going to be the effort of those in charge to make it so.

The parlors of the First Christian church have been secured for the mothers and their babies to stay while the judges, who will be physicians and trained nurses, pass their judgment upon them. Their decision will be made known when the babies in the contest are displayed upon the platform in the court house yard.

Come, mothers and bring your baby. And remember, the baby's dress won't count one big. So don't dress him up. Just so he is clean and comfortable and healthy and good natured. They are the things that will count big. Not even prettiness—it will a little bit, of course, but it won't be everything, as is usual at a baby show.

For the babies are going to be scored, mind you, by a regular score card process, almost like a little pig, and that is going to make baby stand right on his merits. A pretty dress, who his parents are, nor any of those things are going to count. Just baby himself. So everybody that has a good all 'round, healthy baby has a chance to win.

Mrs. J. W. Ray, 403 South Main street, is chairman of the committee for the Mothers' Circle, and if you wish to talk to her about the contest, call over the Hanamo or Farmers telephones or drop her a card.

Full particulars of the contest will be announced Friday, as to how old the babies must be to enter the various classes, and the score card by which the babies will be judged will also be given.

CONCERT SUNDAY

FIRST OF SERIES AT 3 O'CLOCK SUNDAY AFTERNOON.

GIVEN IN NORMAL PARK

Sacred and Classical Music to Be Given and Expense to Be Borne by Freewili Offerings.

The first of the Sunday afternoon concerts to be given by the Maryville Concert band will be held at 3 o'clock next Sunday afternoon in the Normal Chautauqua park. Prof. Maulding, director of the band, has been planning this series of Sunday concerts for some time, and they will be given by the band without any expense to the business men of the city. The programs will consist of sacred and classical music.

In arranging for the place of the concerts Prof. Maulding thought the Normal park, with its shade and coolness, would be the best place. This morning W. A. Blagg, president of the board of regents of the Normal, said that he had no objection to the concerts being held in the park. The only restrictions that he placed on them was that no concessions could be given to anyone. The band had planned to partly finance these concerts with money from concessions. The concerts will be given, however, regardless of concessions. A free will offering may be taken in place of them. President Ira Richardson also said that he had no objection to the concerts being held on the Normal grounds.

The regular weekly concerts will be given as usual in the court house yard every Thursday evening.

FELL INTO A DITCH.

Fred Smith, While Riding His Bicycle Home Last Night, Ran Onto a Pile of Dirt, Throwing Him Off.

Fred Smith, one of the proprietors of the Siler & Smith restaurant, on North Main street, was badly shaken up last night by a fall from his bicycle into a ditch recently opened on East Third street.

Mr. Smith was going home from town about 9 o'clock and was coasting rapidly down Third street on his wheel. He knew the street had been torn up, having passed by there in the morning, and as he neared the place he could see the red light displayed. Just before he reached the ditch, however, he passed under a street light which practically blinded him. He became confused as to which side of the street was open and took the wrong side. His wheel struck a pile of dirt, and he was thrown head first into the ditch, which was four or five feet deep. He climbed out of it himself, took his wheel and went on home, having fortunately escaped any more serious injury than a slight scalp wound and a severe bruising.

Mr. Smith said this morning that the accident was unavoidable and he had only himself to blame. He will not bring any action against the city.

Took Daughter to Colorado.

Rev. M. DeWitt of Barnard left for Canon City, Col., Thursday evening with his daughter Zelia, who is dangerously ill of throat and lung affection. This was a complete surprise to the family as well as all who knew her. Miss Zelia has always been strong and robust and little was thought of the seriousness of her throat until she was taken Saturday to a St. Joseph specialist, who gave them but little hope. Rev. DeWitt and family certainly should have the sympathy of the entire vicinity of Barnard. Rev. DeWitt has to give up the work of this charge for a while at least. He leaves the rest of his family at Barnard.

Miss Mary Cain of northeast of Maryville, has been elected teacher of the Common Sense school, one mile east of Orrsburg, for the winter term.

LIMITS CRACKERS

CITY COUNCIL REGULATES SIZE FIRECRACKERS TO BE USED.

FAVOR "SANE FOURTH"

Didn't Think It Right to Prohibit Fireworks After Dealers Laid in Supplies, But Look Out Next Year.

No firecrackers over three inches in length and a quarter of an inch in thickness can be sold or used on the Fourth of July in Maryville this year, so the city council decided Wednesday night in special session. The use of the dynamite cane, of the cap pistol or caps therefor, toy cannon or any bomb, made in whole or in part of dynamite, nitroglycerine, gun cotton, giant powder or any other explosive material, any blank cartridge pistol, revolver, gun or other firearm is also prohibited by the ordinance adopted.

The ordinance also contains a section that no firecrackers and fireworks can be used at any time during the year except on the Fourth with the exception of when the Fourth falls on Sunday.

The penalty is a fine of not less than $1 and not more than $50 for each offense.

The council will probably adopt an ordinance after this Fourth of July celebration that no firecrackers, fireworks or firearms can be used at any Fourth of July celebration hereafter. Several of the members were in favor of doing so this year, but as many of the merchants had purchased their stock of firecrackers and fireworks, they thought it was better to put it off until after this celebration

The council wants a sane Fourth in Maryville, and the officers are going to see that the new ordinance is strictly enforced.

The streets of the city were turned over to the Fourth of July celebration committee.

ROBERT T. HEATH IS DEAD.

Release From Suffering Came to Former Maryville Man at Mason City—Body to Be Brought Here.

John L. Ritze of this city received a telegram Thursday morning announcing the death of his son-in-law, Robert T. Heath of Mason City, Ia. Mr. Ritze returned Wednesday from Mason City, where he had been on account of Mr. Heath's illness, and although death was expected it was not thought so near. Mrs. Ritze has been with her daughter for a month.

Mr. Heath was about 38 years old. He had been ill for two months from a complication of diseases and was taken to the hospital a month ago.

The body will be brought to Maryville for burial. E. W. Keck of this city, an uncle of Mrs. Heath, left for Mason City Thursday forenoon to accompany the family to Maryville with the body.

Mr. Heath is survived by his wife who was Miss Clara Ritze, and their 16-months-old son.

TO FILE REQUISITION.

The County Court to Go After $2,000 State Money for Road Purposes.

The county has spent about $2,000 on permanent road work and will make a requisition on the state for a like amount to be used for that purpose. The county court in session Wednesday so decided. County Highway Engineer Clary will make out the plans and profiles of the work done so far, and this will be sent on to Jefferson City.

Was a State Hospital Physician.

Dr. J. C. Smith of St. Joseph was in Maryville Wednesday and Thursday on business. Dr. Smith was a member of the state hospital board of physicians at St. Joseph when Mr. Frank Owens of this city was treasurer and later steward of the hospital, and the two had a pleasant visit together during the doctor's stay. Mrs. Smith is a prominent member of the P. E. O. and was elected state treasurer at the recent state meeting in Shelbina. Dr. Smith is now on the physicians' staff at the Woodson sanitarium in St. Joseph.

Dr. E. E. Sweeney Married.

The following account of the marriage of Dr. Ed Sweeney of Grafton, Neb., a former Nodaway county young man, who will be remembered as a successful teacher of the county, is taken from the Nebraska Signal, Geneva, Neb., and will be read with interest by his many friends here:

On the morning of June 11, a very pretty wedding occurred at the Immaculate Conception church of Sutton, Neb., when Mrs. D. Lyhene gave her daughter Dollie M. in marriage to Dr. E. E. Sweeney of Grafton, Neb.

The bride was attended by Miss Nellie Sweeney of Ravenwood, Mo., a sister of the groom. The groom was attended by Fred Lyhene, the youngest brother of the bride.

The bride was tastefully gowned in white voile over charmeuse satin. The bridesmaid wore a simple but pretty white voile.

The groom wore the conventional black. Immediately after the ceremony the wedding party and guests were motored to the home of the bride's mother, where on arrival they were showered with the congratulations of relatives and friends. After being served with an elegant weddins breakfast the happy couple left on the morning train for a two weeks' tour, visiting points in Nebraska and Missouri, where they will be the guests of relatives and friends.

The bride is the youngest daughter of one of the most prominent families of Clay county, Nebraska. She is highly accomplished and a great favorite of all who know her. She will be very much missed both in her home and among her friends, as her entire life, with the exception of a tour in Europe, has been spent in and near Sutton.

The groom is the son of one of Missouri's pioneer families. He is a man of sterling worth and high educational attainments. He is a graduate of the Missouri university of Columbia and also a graduate of the medical university of Kansas City, Mo. He has been located at Grafton, Neb., for the past four years, where he has established for himself a deserving and excellent reputation as a physician.

The Ladies' Aid society of the First M. E. church of Arkoe, will give an ice cream supper in the church on the evening of June 28.

MRS. LARAMORE TELLS TROUBLES

Lady in Goodwater Describes Her Distressing Experience and Tells How She Was Finally Relieved.

Goodwater, Mo.—"Ever since I was a little girl," says Mrs. Riley Laramore, "I was a great sufferer from dyspepsia.

I suffered misery after eating, and had terrible heartburn.

I thought I had to suffer this way as long as I lived, but when I began to take Thedford's Black-Draught, in small doses, every night, the heartburn was all gone in a few days, and I could eat without distress.

I took two small packages in all, and although that was some time ago, the dyspepsia has not returned.

I speak a good word for Thedford's Black-Draught whenever I have the opportunity."

If eating causes distress, we urge you to try Thedford's Black-Draught. It cleanses the system, helps the stomach to digest its food, regulates the bowels, and stimulates the liver.

It acts gently and is without bad aftereffects. Try it. Price 25c.

CAUCUS FOR FREE WOOL AND SUGAR

Approves Schedules as Reported by Finance Committee.

BIG VICTORY FOR PRESIDENT.

Six Democrats Remain Off Reservation on Final Lineups—Action Follows Long Discussion and Defeat of Many Amendments in Caucus.

Washington, June 26.—Free sugar in 1916 and free raw wool now were established in the tariff revision bill, having been approved by the Democratic caucus after a two days' fight. The sugar schedule, as reported by the majority members of the finance committee and practically as it passed the house, was approved by a vote of 40 to 6. Free raw wool, as submitted by the majority and just as it passed the house, swept the senate caucus by a vote of 41 to 6.

This ratification of President Wilson's tariff policy, he having insisted upon the wool and sugar propositions before the ways and means committee in the beginning, came after a long series of developments since the tariff bill passed the house, in which the president has been an active participant.

Against Compromise.

When the fight of the anti-free sugar and anti-free wool Democrats was getting hot, the president issued a public statement declaring that any suggestion of compromise on his wool and sugar schedule ideas absolutely was out of the question, and later he stirred all administration leaders to action when he made his charge about the existence in Washington of an "insidious lobby," investigation of which has brought results regarded as favorable to the tariff bill.

The six Democratic senators who voted against free sugar on the final vote approving the schedule were Hitchcock (Neb.), Newlands (Nev.), Ransdell and Thornton (La.), Shafroth (Colo.) and Walsh (Mont.). The six who opposed free raw wool to the end were Chamberlain (Ore.), Newlands (Nev.), Ransdell and Thornton (La.), Shafroth and Walsh. No attempt was made in the caucus to bind the members to the action of the caucus. The question will come up when the entire bill has been passed upon. Some members will fight it, but administration leaders said they believed only the two Louisiana senators would ask to be released from the caucus pledge if one is submitted. The general opinion is that a binding resolution will be offered.

Amendments Voted Down.

Approval of the schedule came after prolonged discussion and after several amendments had been voted down.

On some of the amendments the opposition showed strength, the maximum being ten votes for Senator Shafroth's amendment to the sugar schedule.

This would have eliminated free sugar and substituted a duty of approximately ½ cent a pound on refined sugar. This amendment was lost by a vote of 37 to 10.

JUDGE LOVETT TESTIFIES

Union Pacific Official Tells of Efforts to Furnish Company a Lobbyist.

Washington, June 26.—Robert Scott Lovett, chairman of the board of directors of the Union Pacific Railroad company, told the senate "lobby" investigating committee that a long continued and determined effort had been made to have Edward Lauterbach, a New York lawyer, retained by his company "to grease the wheels" in Washington and prevent unpleasant agitation in congress against the dissolution plan of the Union Pacific-Southern Pacific systems.

Head of Turners Given Key to Denver

Denver, June 26.—Turners and their friends from all sections of the nation were formally given possession of the city when Mayor Perkins delivered to Theodore Stempfel of Indianapolis, president of the North American Gymnastic union, a golden key. The ceremony took place on the steps of the capitol building and was witnessed by thousands.

Sees Good Prospect for Dissolution.

Washington, June 26.—Attorney General McReynolds at the conclusion of a four hours' conference with Robert S. Lovett, chairman of the board of the Union Pacific, announced that "there were good prospects" of an agreement for the dissolution of the Union Pacific merger.

Budget Plan Is Rejected.

Washington, June 26.—House Democrats in caucus agreed upon the abolition of the commerce court as a party policy and, turning deaf ears to pleas from their leaders, rejected a plan for the creation of a budget committee to control all appropriations.

HERRINGTON IS OFF PAY ROLL

Special Agent Who Asked Removal of McReynolds Suspended.

HAD ASSISTED M'NAB IN CASES

Helped Former District Attorney to Prepare the Evidence—Action Meant to Give Herrington Opportunity to Explain—Wires Another Message.

Washington, June 26.—Clayton Herrington, special agent of the department of justice at San Francisco, who sent President Wilson a telegram appealing for the removal from office of Attorney General McReynolds—his official superior—because of the circumstances of the resignation of United States Attorney McNab, was suspended without pay by A. Bruce Bielski, chief of the bureau of investigation of the department of justice.

This action, it is said, is to give Herrington an opportunity to explain his telegram. If the explanation is not satisfactory, officials declare that the special agent probably will be summarily dealt with.

Herrington is a former judge and is in charge of the federal government's bureau of investigation at San Francisco. He helped District Attorney McNab to prepare the evidence in the Diggs-Caminetti white slave cases, the postponement of the trial of which resulted in McNab's resignation and his sensational charges against the attorney general.

President Wilson recommended to Attorney General McReynolds the names of Francis J. Heney, Matt L. Sullivan, Thomas Hayden and others for appointments as special prosecutors in the Caminetti-Diggs white slave cases and the Western Fuel company coal customs cases. No final selections were made.

Wires President Again.

San Francisco, June 26.—Just prior to receiving the notice of his suspension without pay because of his telegram to President Wilson demanding the removal of his official superior, Attorney General McReynolds, Clayton Herrington, special agent of the department of justice, dispatched the following night letter to President Wilson:

"As a citizen of California, I charge that officials in the department of justice and of commerce and labor, in disregard of judgments of the courts and in violation of law, have prevented the deportation of French prostitutes in this state. I demand an investigation of these matters, complete information as to which is on the files at Washington. On March 14 Secretary Wilson was informed about some of these cases."

In a public statement, Mr. Herrington said:

"The president approves, in words, the way McReynolds had dealt with the Diggs-Caminetti and Western Fuel company cases. He disapproves in deeds by ordering the immediate trial of all the defendants, including those McReynolds tried to save. He ought, therefore, to dismiss McReynolds and retain McNab.

"To sustain a Washington official whose decision he overrules and blame another for doing what he himself now orders done is not only inconsistent and unjust, but is a humiliating evasion of the responsibilities of his high station.

"McReynolds' explanation is even more pitiable. He protests that he is 'profoundly conscious that his actions were free from unworthy motives.' So was Lord Bacon, who accepted bribe money because it would not influence him. There are influences other than financial ones."

Where is Maryville's Humane Society?

Editor Democrat-Forum: Since living in Maryville I have been a close observer of the great need of a wide-awake Humane society. We see on our streets each day poor dumb creatures who have long past served their term of usefulness and are still compelled to be in the harness. How often we see them being beaten and abused for not doing what they are physically unable to do. For example, I shall relate an incident which happened on one of our streets this week.

Two mules were hitched to a large dray heavily laden with iron machinery which they were trying to pull up a small incline leading into one of our lumber yards. Two husky men stood on the ground, one on each side of the mules beating them every minute. Can you picture these poor dumb animals tugging with all their might, trying to do their duty, but physically unable. Can't you imagine their suffering when every few minutes they fell to their knees, exhausted by their strained efforts. This is only one of the many instances that happen daily in our little city which could all be prevented if a few of us would only stand together and protect these poor dumb animals that are unable to protect themselves.

I have been told that Maryville does possess a Humane society, but that it never could accomplish much on account of the lack of interest on the part of the citizens. Surely our men and women are humane enough to help this organization in its work. These animals are God's creatures, and it is one of the demands of Christianity that we should protect them. Let us all put our shoulder to the wheel and work together. Let each man in Maryville consider himself a committee of one to prevent any injustice that he may see.

"Virtue reaps it's own reward."
